

FEBRUARY SHOW AND TELL

Our Show and Tell program is continuing to go well. This month, I would like everyone to bring in an item that is related to Valentine's Day or 100's Day. Remember, it can always be a craft/drawing that your child has created. I would still like everyone to read 3 clues about the item and I am pleased that most students have now practised the clues and are able to independently read them to the class. If your child forgets their day or is unable to do their show and tell on a particular day, let me know and we can always switch days.
